Subject: Sac NAA Contingency: Your Voice Mail

Hi Anita,
Just catching up from last week's messages.

Thanks for your voice mail regarding the Sac NAA call on contingency for the 2008 ozone plan. I was aware of the architectural coatings approach they'd plan to take, but was surprised as well upon hearing about their wanting to use enhanced enforcement. Certainly nothing has changed here with respect to the enhanced enforcement concept and the earlier CARB/EPA discussions. We'll contact the district to follow-up and clarify.
